Toxicological examination

At your request we have carried out toxicological assessment of the presented product:

- **IZONIL**
waterproof and breathable plaster

Manufacturer: IZONIL

Toxicological data:

Oral and dermal contact – nontoxic

irritating to eyes and skin, may cause irritability by skin contact

Warning symbol: Xi (irritant)

R 36/38	irritating to eyes and skin
R 43	may cause irritability by skin contact
S 1/2	keep locked up and out of the reach of children
S 24/25	avoid contact with skin and eyes
S 26	in case of contact with eyes, rinse immediately with plenty of water and seek medical advice
S 28	after contact with skin, wash immediately with plenty of water
S 36/37/39	wear suitable protective clothing, gloves and eye/face protection

Based on the documentation presented, we arrived at a conclusion that the given product complies with the generally binding legal regulations for chemical substances and preparations from hygienic and toxicological points of view and complies with requirements provided that it is used as declared and that product packaging bears the compulsory identification regarding distribution and use.

This opinion applies only to products the composition and properties of which fully correspond to the materials presented, and does not apply to the declared functional effectiveness of the products assessed.

The manufacturer is also obliged to notify the Toxicology and Information Centre, Limbová 5, Bratislava, of the product composition and further product details prior to the product launching.

The assessment of the examined product's safety for health complies with applicable provisions of the following acts: the Act No. 67/2010 Coll. on the Terms and Conditions for the Introduction of Chemical Substances and Chemical Mixtures on the Market and on amendments to certain acts (Chemical Act), Commission Regulation (EC) No. 761/2009 amending, for the purpose of its adaptation to technical progress, Regulation (EC) No.440/2008 laying down testing methods pursuant to Regulation (EC) No.1907/2006 of the European Parliament and of the Council on the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH).
